

POSTER SESSIONS BY DAY

POSTER SESSION	Poster new number	Presentation Date	First Name	Last Name	Paper Title	Submission Number	Theme
1	P001	Wed. 27 Sep 2023	Thaleia	Mouratidou	Investigating the link between counterfactual thinking and deception in attention deficit hyperactive disorder (ADHD)	32	ADHD/Attentional Functions
1	P002	Wed. 27 Sep 2023	Isabel	Bauer	Affordance-based judgments (appear more extreme) in the elderly	80	Aging
1	P003	Wed. 27 Sep 2023	Maura	Crepaldi	The Role of Creativity in Risk Management and Decision Making	91	Aging
1	P004	Wed. 27 Sep 2023	Jessica	Gianni	The Potential Role of Creativity in the Psychological Well-Being of the Elderly: a New On-line Divergent Thinking Training to Promote Active Aging	98	Aging
1	P005	Wed. 27 Sep 2023	Elisabeth	Göttfried	Understanding and processing of ratio concepts in older age	75	Aging
1	P006	Wed. 27 Sep 2023	Cecilia	Guariglia	Forecasting the onset of neurocognitive disorders by monitoring cognitive aging in healthy individuals: results of a longitudinal study	77	Aging
1	P007	Wed. 27 Sep 2023	Daniel	Schlüter	Overestimation is associated with reduced driving safety in older adults	58	Aging
1	P008	Wed. 27 Sep 2023	Liuda	Sinkariova	Cognitive functioning in patients with cardiovascular disease	64	Aging
1	P009	Wed. 27 Sep 2023	Nido Dipo	Wardana	Predicting daily functioning with cognitive functions among community-dwelling older adults using a structural equation modeling approach	147	Aging
1	P010	Wed. 27 Sep 2023	Ayse	Aycicegi-Dinn	Working memory among community-dwelling adults in Turkey: impact of age, education, and gender on test performance	118	Assessment/Psychometrics/Methods (Adult)
1	P011	Wed. 27 Sep 2023	Ayse	Aycicegi-Dinn	Neurocognitive testing and fear of negative evaluation: a comparison of remote and in-person assessment protocols	12	Assessment/Psychometrics/Methods (Adult)
1	P012	Wed. 27 Sep 2023	Sandrine	Basaglia-pappas	Standard and preliminary data of lexical-semantic impairment screening in Alzheimer's disease and primary progressive aphasia: presentation of the relevance of a multimodal semantic knowledge assessment	263	Assessment/Psychometrics/Methods (Adult)
1	P013	Wed. 27 Sep 2023	Davide	Crivelli	Assessing attention skills in fighting sports via ecological tasks: behavioural and EEG evidence	16	Assessment/Psychometrics/Methods (Adult)

POSTER SESSIONS BY DAY

1	P014	Wed. 27 Sep 2023	Ioannis	Zalonis	The Clock Rotation Neuropsychological Test: Greek normative data, convergent validity and clinical utility	300	Assessment/Psychometrics/Methods (Adult)
1	P015	Wed. 27 Sep 2023	Nikoletta	Geronikola	Greek normative data for the Visual Search and Attention Test	302	Assessment/Psychometrics/Methods (Adult)
1	P016	Wed. 27 Sep 2023	Nikoletta	Geronikola	Normative Data of the Brief Visuospatial Memory Test – Revised for the Greek Population	301	Assessment/Psychometrics/Methods (Adult)
1	P017	Wed. 27 Sep 2023	Isabel	Bauer	Trainability of affordance-based judgments in an aperture task in patients with right or left hemisphere stroke	81	Cognitive Intervention/Rehabilitation
1	P018	Wed. 27 Sep 2023	Clemence	Bourlon	Temporal awareness rehabilitation of a patient with confabulations	154	Cognitive Intervention/Rehabilitation
1	P019	Wed. 27 Sep 2023	Sofia	Faraza	Resting state brain networks activity and association with transfer of cognitive training gains	33	Cognitive Intervention/Rehabilitation
1	P020	Wed. 27 Sep 2023	Stella	Giakoumaki	Ideas of reference and baseline cognitive flexibility predict the far-transfer gains of executive working memory training	22	Cognitive Intervention/Rehabilitation
1	P021	Wed. 27 Sep 2023	Erasmia	Giogkaraki	A review of cognitive intervention programs related to autobiographical memory in patients with schizophrenia	295	Cognitive Intervention/Rehabilitation
1	P022	Wed. 27 Sep 2023	Carlotta	Acconito	Set your goals! Gender differences and decision-making process: a psychophysiological study in the managerial field	44	Cognitive Neuroscience
1	P023	Wed. 27 Sep 2023	Laura	Angioletti	Hemodynamic and electrophysiological biomarkers of interpersonal tuning during interoceptive synchronization	56	Cognitive Neuroscience
1	P024	Wed. 27 Sep 2023	Laura	Angioletti	A biofeedback (BFB) study to investigate social interoception in dyads performing synchronization tasks	55	Cognitive Neuroscience
1	P025	Wed. 27 Sep 2023	Martina	Cerasetti	Neuropsychological study of the preremembering phenomenon in refractory temporal lobe epilepsy patients with hippocampal sclerosis	178	Cognitive Neuroscience
1	P026	Wed. 27 Sep 2023	Jessica	König	Memory deficits in patients with major depression: yes, they are trying hard enough!	175	Cognitive Neuroscience
1	P027	Wed. 27 Sep 2023	Loredana	Frau	From affective states to inhibitory control: A novel affective-cognitive intervention in younger and older adults	60	Cognitive Neuroscience

POSTER SESSIONS BY DAY

1	P028	Wed. 27 Sep 2023	Kristina	Hennig-Fast	The role of focused and distracted attention in PTSD - an fMRI study from the perspective of mindfulness	226	Cognitive Neuroscience
1	P029	Wed. 27 Sep 2023	Ana	Hernández Sauret	Use of transcranial magnetic stimulation (TMS) for studying cognitive control in depressed patients: A Systematic Review	111	Cognitive Neuroscience
1	P030	Wed. 27 Sep 2023	Grant	Iverson	Applying the New 2021 Consensus Criteria for Traumatic Encephalopathy Syndrome Retrospectively to Case Studies of Boxers from the 20th Century	115	Concussion/Mild TBI (Adult)
1	P031	Wed. 27 Sep 2023	Nikki	Thuss	Predictors of Recovery Three Months after Mild Traumatic Brain Injury at Older Age	139	Concussion/Mild TBI (Adult)
1	P032	Wed. 27 Sep 2023	Grant	Iverson	Association between social determinants of health and concussion among high school students in the United States	114	Concussion/Mild TBI (Child)
1	P033	Wed. 27 Sep 2023	Martina	Studer	Impaired episodic memory consolidation over one week in children after mild traumatic brain injury	19	Concussion/Mild TBI (Child)
1	P034	Wed. 27 Sep 2023	Edward	de Haan	European Inter-Societal Delphi Consensus for the Biomarker-Based Aetiological Diagnosis of Neurocognitive Disorders	57	Dementia (Alzheimer's Disease)
1	P035	Wed. 27 Sep 2023	Electra	Chatzidimitriou	Personality traits and everyday functioning in patients with the behavioral variant of frontotemporal dementia	253	Dementia (Alzheimer's Disease)
1	P036	Wed. 27 Sep 2023	Mira	Karrasch	Incidental recall of items from the naming test in the CERAD-NB: clinical validity for detecting mild Alzheimer's disease	28	Dementia (Alzheimer's Disease)
1	P037	Wed. 27 Sep 2023	Sonia	Di Tella	Is affective and cognitive theory of mind associated to the functional connectivity of the cerebellum in the behavioral variant of frontotemporal dementia ?	234	Emotional and Social Processes
1	P038	Wed. 27 Sep 2023	Katharina S.	Goerlich	Apathy and Effort Expenditure for Social and Monetary Rewards: An Incentive Force Study in Healthy Individuals	210	Emotional and Social Processes
1	P039	Wed. 27 Sep 2023	Nadežda	Krstić	Single-trial task of facial emotion recognition: What the data say?	93	Emotional and Social Processes
1	P040	Wed. 27 Sep 2023	Claudia	Meli	Alterations in moral cognition in Parkinson's disease and its association with socio-cognitive functions	39	Emotional and Social Processes

POSTER SESSIONS BY DAY

1	P041	Wed. 27 Sep 2023	Giusy	Olivito	Cerebellar contribution to social cognition: a functional connectivity study in patients with cerebellar neurodegenerative disorders	228	Emotional and Social Processes
1	P042	Wed. 27 Sep 2023	Andrea	Panzavolta	Social norms knowledge in the early and differential diagnosis of the behavioural variant of frontotemporal dementia	243	Emotional and Social Processes
1	P043	Wed. 27 Sep 2023	Florian	Muecke	Hippocampal shrinkage after temporal lobe resection and its influence on postoperative verbal memory change	108	Epilepsy/Seizures
1	P044	Wed. 27 Sep 2023	Andrea	Palacio Navarro	Prognostic factors for neurocognitive outcome in children with periventricular nodular heterotopias	18	Epilepsy/Seizures
1	P045	Wed. 27 Sep 2023	Kati	Rantanen	Social outcomes of childhood epilepsy with onset before school-age –15 years follow-up	298	Epilepsy/Seizures
1	P046	Wed. 27 Sep 2023	Vanessa	Zanelli	Assessing social cognition abilities in temporal and frontal epilepsy	88	Epilepsy/Seizures
1	P047	Wed. 27 Sep 2023	Ewa	Malinowska	The dynamics of change of cognitive functioning in patients in after SARS-CoV-2 infection	260	Genetics/Genetic Disorders HIV/AIDS/Infectious Disease
1	P048	Wed. 27 Sep 2023	Marije	Derks-Dijkman	Effects of musical presentation on verbal working memory span in aging and Mild Cognitive Impairment: It goes with a swing	15	MCI (Mild Cognitive Impairment)
1	P049	Wed. 27 Sep 2023	Sanne	Böing	Eye-movements as proxy for memory deficits in daily situations: innovative neuropsychological assessment of visual working memory	26	Memory Functions/Amnesia
1	P050	Wed. 27 Sep 2023	Valentina	La Corte	Amnesia and false memories: evidence from a multiple case study	127	Memory Functions/Amnesia
1	P052	Wed. 27 Sep 2023	Wiebke	Trost	Nonverbal memory tests revisited: neuroanatomical correlates and differential influence of biasing cognitive functions	242	Memory Functions/Amnesia
1	P053	Wed. 27 Sep 2023	Andreas	Nelson	Subjective cognitive complaints and its associations to response inhibition and neural activation in patients with stress-related exhaustion disorder	181	Neuroimaging
1	P054	Wed. 27 Sep 2023	Alice	Pirastru	Development of Two Parallel-forms of an Emotion Stimulation Paradigm: a Test-retest fMRI Study	166	Neuroimaging
1	P055	Wed. 27 Sep 2023	Libera	Siciliano	Dynamic causal modeling of cerebello-cerebral social mentalizing network: estimating the effective connectivity at rest	255	Neuroimaging
1	P056	Wed. 27 Sep 2023	Anastasia-Konstantina	Papadopoulou	Exploring the cerebral laterality of writing and its relationship to handedness: A functional transcranial Doppler ultrasound study	284	Neurophysiology/EEG/ERP

POSTER SESSIONS BY DAY

1	P057	Wed. 27 Sep 2023	Eugénie	Cataldo	This is not my body: covert disownership in acute stroke patients	140	Stroke/Cerebrovascular Injury & Disease (Adult)
1	P058	Wed. 27 Sep 2023	Eda	Tipura	Anosognosia for Unilateral Spatial Neglect: explicit and implicit knowledge of errors	79	Stroke/Cerebrovascular Injury & Disease (Adult)
2	P059	Thu. 28 Sep 2023	Laurent	Lefebvre	A brief questionnaire to evaluate the semantic disorder in Alzheimer's disease: the "Mini SKQ" (Semantic Knowledge Questionnaire)	1	Assessment/Psychometrics/Methods (Adult)
2	P060	Thu. 28 Sep 2023	Emilia	Orologa	The importance of response times measures in three verbal fluency tasks	293	Assessment/Psychometrics/Methods (Adult)
2	P061	Thu. 28 Sep 2023	Valentina	Papadopoulou	Mini Linguistic State Examination: Preliminary Data of a Screening Tool for Primary Progressive Aphasia	129	Assessment/Psychometrics/Methods (Adult)
2	P062	Thu. 28 Sep 2023	Katrine	Sand	EnVision - CP: Creating a test battery to assess visual perceptual functions in adults with cerebral palsy	62	Assessment/Psychometrics/Methods (Adult)
2	P063	Thu. 28 Sep 2023	Hella	Thielen	The Multi-Modal Evaluation of Sensory Sensitivity (MESSY): assessing sensory hypersensitivity after acquired brain injury	83	Assessment/Psychometrics/Methods (Adult)
2	P064	Thu. 28 Sep 2023	Janice	Bidesie	Young Non-Alcoholic Wernicke Encephalopathy Patient Achieves Remission with Thiamine and Intensive Cognitive Rehab: A Success Story Post-Obesity Surgery	61	Behavioral Neurology/Cerebral Lateralization/Callosal Studies
2	P065	Thu. 28 Sep 2023	Magdalena	Domellöf	Cognitive functioning is associated with fine motor performance in persons with Parkinson's disease	277	Behavioral Neurology/Cerebral Lateralization/Callosal Studies
2	P066	Thu. 28 Sep 2023	Guy	Vingerhoets	Atypical brain functional segregation in people with situs inversus totalis: a replication-extension study	225	Behavioral Neurology/Cerebral Lateralization/Callosal Studies
2	P067	Thu. 28 Sep 2023	Milena	Gölz	Is the trainability of affordance-based decisions dependent on the task?	233	Cognitive Intervention/Rehabilitation
2	P068	Thu. 28 Sep 2023	Milena	Gölz	From virtual to physical environments: transfer effects of virtual reality training on judging action opportunities	235	Cognitive Intervention/Rehabilitation
2	P069	Thu. 28 Sep 2023	Jenni	Heikkilä	The effect of remotely implemented phonological awareness and rapid naming intervention on the reading skills of Finnish-speaking school-aged children	78	Cognitive Intervention/Rehabilitation
2	P070	Thu. 28 Sep 2023	Jovita	Janaviciute-Puzauske	What is the potential of immersive virtual reality-based cognitive rehabilitation in stroke patients?	30	Cognitive Intervention/Rehabilitation
2	P071	Thu. 28 Sep 2023	Larissa	Meijer	Chronic pain relief after receiving affective touch; a single case study	67	Cognitive Intervention/Rehabilitation
2	P072	Thu. 28 Sep 2023	Ezia	Rizzi	Effects of a new structured multidomain cognitive training headed by executive functions in healthy elders	232	Cognitive Intervention/Rehabilitation

POSTER SESSIONS BY DAY

2	P073	Thu. 28 Sep 2023	Sini	Teivaanmäki	Effectiveness of a play-based training program in improving children's everyday executive functioning in early childhood education	212	Cognitive Intervention/Rehabilitation
2	P074	Thu. 28 Sep 2023	Eleni	Bekou	Clinical Neuropsychological Aspects and Interventions for ASD, ADHD and Gaming Addiction: Case Study	311	Cognitive Intervention/Rehabilitation
2	P075	Thu. 28 Sep 2023	Marijke	Miatton	Flemish normative data for social cognition	49	Cognitive Neuroscience
2	P076	Thu. 28 Sep 2023	Maria Elena	Navarra	Rubber hand illusion: the role of the physical appearance of the plastic hand	82	Cognitive Neuroscience
2	P077	Thu. 28 Sep 2023	Lorenzo	Pia	Virtual embodiment of other-race body affects implicit racial bias and its neurophysiological correlates	94	Cognitive Neuroscience
2	P078	Thu. 28 Sep 2023	Hannah	Rosenzopf	Thalamocortical disconnection involved in pusher syndrome	177	Cognitive Neuroscience
2	P079	Thu. 28 Sep 2023	Katia	Rovelli	Exploring the neurophysiological correlates of face-to-face vs. remote learning during lecture and group discussions: a hyperscanning paradigm	43	Cognitive Neuroscience
2	P080	Thu. 28 Sep 2023	Federica	Scarpina	Affective Touch: Who Touch You Does It Matter? An Investigation in Anorexia Nervosa	103	Cognitive Neuroscience
2	P081	Thu. 28 Sep 2023	Caitlin Mairi	Smith	Using 7T-fMRI to investigate cortical motor representations in response to intermittent theta burst stimulation	193	Cognitive Neuroscience
2	P082	Thu. 28 Sep 2023	Alexandros	Kyriazis	Arizona Battery of Cognitive-Communication Disorders Second Edition in Patients with mild Alzheimer's disease: A validation Study	237	Dementia (Alzheimer's Disease)
2	P083	Thu. 28 Sep 2023	Sotiria	Moza	Critical menarche age threshold associated with neurocognitive disorder in old age	198	Dementia (Alzheimer's Disease)
2	P084	Thu. 28 Sep 2023	Davide	Quaranta	Effects of lexical variables on the sequential recall in a category fluency task in Mild Cognitive Impairment and Alzheimer's Disease	241	Dementia (Alzheimer's Disease)
2	P085	Thu. 28 Sep 2023	Max	Toepper	Give me a sign: Concrete symbols facilitate wayfinding in Alzheimer's disease dementia	59	Dementia (Alzheimer's Disease)
2	P086	Thu. 28 Sep 2023	Aino	Yliranta	Apraxia testing to support dementia differential diagnosis in middle age	282	Dementia (Alzheimer's Disease)
2	P087	Thu. 28 Sep 2023	Staša	Lalatović	Photo-based task for measuring affective empathy: development and psychometric properties	92	Development/Standardization of Psychometric Tests
2	P088	Thu. 28 Sep 2023	Athanasia	Liozidou	Greek normative data for the Symbol Digit Modalities Test	304	Development/Standardization of Psychometric Tests
2	P089	Thu. 28 Sep 2023	Katja	Sandkühler	The Dice Trail Test: A nonverbal version of the Trail Making Test for individuals with Down's Syndrome	165	Development/Standardization of Psychometric Tests

POSTER SESSIONS BY DAY

2	P090	Thu. 28 Sep 2023	Athanasia	Liozidou	Perception of ethical misconduct by neuropsychology professionals in Greece	303	Ethics
2	P091	Thu. 28 Sep 2023	Vojislava	Bugarski Ignjatović	Molecular genetic structure of the Wisconsin card sorting test	246	Executive Functions/Frontal Lobes
2	P092	Thu. 28 Sep 2023	Marco	Calabria	Conflict monitoring in bilingual speakers with Parkinson's disease: the role of language use	13	Executive Functions/Frontal Lobes
2	P093	Thu. 28 Sep 2023	Laura	Haveri	Self- and parent-rated profiles of behavioral executive function in 17-year-old adolescents with a history of very preterm birth	123	Executive Functions/Frontal Lobes
2	P094	Thu. 28 Sep 2023	Joe	Mole	Characterising phonemic fluency by transfer learning with deep language models	259	Executive Functions/Frontal Lobes
2	P095	Thu. 28 Sep 2023	Sam	Webb	Digital v. real-life Multiple Errands Tests: a mixed-method comparison of OxMET and MET-Home including feasibility & acceptability	86	Executive Functions/Frontal Lobes
2	P096	Thu. 28 Sep 2023	Natthawut	Arin	Sub-optimal Effort and Over-report: The use of Performance Validity Test and Symptom Validity Test of Mentally Illness Offenders in Criminal Law	264	Forensic Neuropsychology/Malingering
2	P097	Thu. 28 Sep 2023	Sara	Cavaco	Performance Validity Tests: diverging effects of education on normal effort and malingering	191	Forensic Neuropsychology/Malingering
2	P098	Thu. 28 Sep 2023	Iulia	Crisan	Free-Standing Performance Validity Tests (PVTs) Have Higher Classification Accuracy in Examinees with Limited English Proficiency than Embedded Validity Indicators (EVIs)	24	Forensic Neuropsychology/Malingering
2	P099	Thu. 28 Sep 2023	Laszlo	Erdodi	Multivariate Models of Performance Validity: The Cumulative Risk of False Positive Errors Can be Effectively Controlled with Adjusted Cutoffs	10	Forensic Neuropsychology/Malingering
2	P100	Thu. 28 Sep 2023	Naomi	Prent	Twenty years of pre-trial assessment in offenders with suspected acquired brain injury	229	Forensic Neuropsychology/Malingering
2	P101	Thu. 28 Sep 2023	Julia	Vehar	Reconceptualizing persistent post-concussive syndrome (PCS) as a functional neurological symptom disorder (FND)	121	Forensic Neuropsychology/Malingering
2	P102	Thu. 28 Sep 2023	Mathew	Staios	Do normative data specific to ethnic minority groups improve validity of neuropsychological assessment results?	250	Inclusion and Diversity/Multiculturalism
2	P103	Thu. 28 Sep 2023	Neus	Cano	Relation between eye movements metrics and cognitive performance in post-COVID condition individuals	150	Infectious Disease/Encephalitis/Meningitis (including HIV/AIDS)

POSTER SESSIONS BY DAY

2	P104	Thu. 28 Sep 2023	Sapir	Elkayam	The role of COVID-related neurocognitive symptoms, stigma and emotional functioning in long-term PTSD-like symptoms in COVID-positive sample	297	Infectious Disease/Encephalitis/Meningitis (including HIV/AIDS)
2	P105	Thu. 28 Sep 2023	Maite	Garolera	Executive function is associated with the identification of odors in a sample of post-Covid condition individuals	148	Infectious Disease/Encephalitis/Meningitis (including HIV/AIDS)
2	P106	Thu. 28 Sep 2023	Maite	Garolera	Mental processing speed are related to the quality of life in individuals with the post-COVID condition	153	Infectious Disease/Encephalitis/Meningitis (including HIV/AIDS)
2	P107	Thu. 28 Sep 2023	Styliani	Bairami	Cognitive, physical, and emotional sequelae after COVID-19 infection: Preliminary data	269	Medical/Neurological Disorders (Adult)
2	P108	Thu. 28 Sep 2023	Yoram	Braw	Simulation of pain: Integrating an eye tracker with the Numerical Pain Rating Scale (NPRS)	113	Medical/Neurological Disorders (Adult)
2	P109	Thu. 28 Sep 2023	Carla	Ruis	Preserving the ability to discriminate between left and right; a case study	144	Medical/Neurological Disorders (Adult)
2	P110	Thu. 28 Sep 2023	Vaia	Sideropoulou	Long-term neurocognitive sequelae of adult Acute Disseminated Encephalomyelitis (ADEM)	156	Medical/Neurological Disorders (Adult)
2	P111	Thu. 28 Sep 2023	Anette	Alapert	Qualitative analysis of WAIS-III Similarities subtest in patients with Schizophrenia Spectrum Disorders	40	Schizophrenia/Psychosis
2	P112	Thu. 28 Sep 2023	Penny	Karamaouna	Logical and emotional cognitive processing between four schizotypal dimensions	31	Schizophrenia/Psychosis
2	P113	Thu. 28 Sep 2023	Barbora	Keřková	Overtime changes in cognitive functioning in acute and transient psychotic disorders compared with schizophrenia	47	Schizophrenia/Psychosis
2	P114	Thu. 28 Sep 2023	Monika	Vecerova	Working Memory As A Stable Construct in Schizophrenia, Acute and Transient Psychotic Disorder and Controls: 1 Year Follow-up Study	50	Schizophrenia/Psychosis
2	P115	Thu. 28 Sep 2023	Chrysoula	Zouraraki	Eye tracking profile of static facial affect in schizotypy	95	Schizophrenia/Psychosis
2	P116	Thu. 28 Sep 2023	Maria	Kolokytha	Virtual Reality and Video Gaming: do they benefit the rehabilitation of executive functions in adult patients with Traumatic Brain Injury? A systematic review, SWiM, and meta-analysis	290	TBI (Moderate-Severe; Adult)
2	P117	Thu. 28 Sep 2023	Chris	Dijkerman	The specificity of anosognosia for hemianesthesia and anosognosia for body representation disorders after stroke	173	Visuospatial Functions/Neglect/Agnosia

POSTER SESSIONS BY DAY

3	P118	Fri. 29 Sep 2023	Maria	de martino	Language assessment in a late trilingual patient with left brain tumour: a case study	240	Cancer
3	P119	Fri. 29 Sep 2023	Floor	Gelmers	Associations between executive functioning, coping and mental distress in low-grade glioma patients	205	Cancer
3	P120	Fri. 29 Sep 2023	Eleonora	Grande	Phonemic Fluency in glioblastoma patients: a functional Lesion Network Mapping study	245	Cancer
3	P121	Fri. 29 Sep 2023	Femke Florentien	Siebenga	Fatigue in patients with low-grade glioma: associations with processing speed and complex attention	184	Cancer
3	P122	Fri. 29 Sep 2023	Martine	van Zandvoort	IDEAL Monitoring of musical skills during awake craniotomy	131	Cancer
3	P123	Fri. 29 Sep 2023	Vasiliki	Folia	Time perception for visual stimuli is impaired in dyslexia but deficits in visual processing may not be the culprits	89	Language and Speech Functions/Aphasia
3	P124	Fri. 29 Sep 2023	Suzanne	Hartung	Cognitive monitoring in glioma patients with preoperative language deficits	21	Language and Speech Functions/Aphasia
3	P125	Fri. 29 Sep 2023	Johanna	Nukari	Both individual and group-based neuropsychological interventions for dyslexia result in concrete changes in working habits in young adults	155	Learning Disabilities/Academic Skills
3	P126	Fri. 29 Sep 2023	Minna	Parkkila	Assistive technology and individual arrangements in secondary and tertiary education: Results from an online survey for students with learning disabilities	217	Learning Disabilities/Academic Skills
3	P127	Fri. 29 Sep 2023	Johanna	Stenberg	Positive changes in psychosocial well-being during a group intervention for adults with learning disabilities	157	Learning Disabilities/Academic Skills
3	P128	Fri. 29 Sep 2023	Thomas	Beblo	Do depressed patients really underestimate their cognitive performance?	34	Mood & Anxiety Disorders
3	P129	Fri. 29 Sep 2023	Simon	Ladwig	The Relationship of Post-Stroke Depression and Self-Discrepancy: Comparison of a Visualized Single-Item Measure with a Self-report Questionnaire	133	Mood & Anxiety Disorders
3	P130	Fri. 29 Sep 2023	Hanna	Malmberg Gavelin	Cognitive performance, mental fatigue and autonomic response following sustained mental activity in clinical burnout	35	Mood & Anxiety Disorders
3	P131	Fri. 29 Sep 2023	Dóra	Bozzai	Effect of cognitive reserve on cognition in Parkinson's disease	116	Movement and Movement Disorders
3	P132	Fri. 29 Sep 2023	Francesco	Ciongoli	A Theater-Based Intervention in Parkinson's Disease: Preliminary Results	76	Movement and Movement Disorders

POSTER SESSIONS BY DAY

3	P133	Fri. 29 Sep 2023	Maraïke	Coenen	Cognition in early onset ataxia and dystonia	224	Movement and Movement Disorders
3	P134	Fri. 29 Sep 2023	Caitlin Mairi	Smith	Cortical motor representations, inhibition and sensory processing in Tourette Syndrome	196	Movement and Movement Disorders
3	P135	Fri. 29 Sep 2023	Daniel	Smith	Can cognitive tests differentiate Progressive Supranuclear Palsy from Parkinson's disease II: Visual Short Term Memory and Social Cognition	312	Movement and Movement Disorders
3	P136	Fri. 29 Sep 2023	Marty	Canellopoulou	Out of Mind but Not Out of Sight: Assessing a Postulated Theory of Mind in Multiple Sclerosis	128	Multiple Sclerosis/ALS/Demyelinating Disorders
3	P137	Fri. 29 Sep 2023	Anniek	Reinhardt	Cognitive, Energetic, Behavioural and Affective (CEBA) Profile as a Guide for Neuropsychological Treatment Choice in Multiple Sclerosis: Protocol for a Multicenter Prospective Cohort Study	158	Multiple Sclerosis/ALS/Demyelinating Disorders
3	P138	Fri. 29 Sep 2023	Irina	Santos	Validation Study of the Reading the Mind in the Eyes Test and the Ekman's Faces Test in a sample of Portuguese patients with Multiple Sclerosis: preliminary results	163	Multiple Sclerosis/ALS/Demyelinating Disorders
3	P139	Fri. 29 Sep 2023	Sarah	Stoll	Effects of cognitive exhaustion on plan-versus rule-based strategies to movement-selection in patients with Multiple Sclerosis	110	Multiple Sclerosis/ALS/Demyelinating Disorders
3	P140	Fri. 29 Sep 2023	Tineke	Van Vrekhem	Neuropsychological functioning in Susac's Syndrome	29	Multiple Sclerosis/ALS/Demyelinating Disorders
3	P141	Fri. 29 Sep 2023	Amy	Abelmann	Game-supported cognitive strategy training for slowed information processing speed after acquired brain injury: a randomised controlled trial	143	Neuropsychological Rehabilitation
3	P142	Fri. 29 Sep 2023	Neus	Cano	Immersive virtual reality-based rehabilitation program improves declarative memory in post-covid condition patients	152	Neuropsychological Rehabilitation
3	P143	Fri. 29 Sep 2023	Marcin	Leśniak	Ecological computer-assisted therapy of the dysexecutive syndrome in adult patients with non-progressive acquired brain injury. A pilot study on efficacy of a new therapeutic application	107	Neuropsychological Rehabilitation
3	P144	Fri. 29 Sep 2023	Erja	Ristimäki	The effects of group intervention on executive function and self-concept in adolescents	305	Neuropsychological Rehabilitation
3	P145	Fri. 29 Sep 2023	Melanie	Tempfli	Cognitive Fatigue and Fatigability in Post COVID-19	167	Neuropsychological Rehabilitation
3	P146	Fri. 29 Sep 2023	Davide	Crivelli	Integrated wearable neurofeedback and VR system for empowerment of focusing skills: a feasibility and proof-of-concept study	17	Neurostimulation/Neuromodulation

POSTER SESSIONS BY DAY

3	P147	Fri. 29 Sep 2023	Isabel	Farr	Exploring the effects of rhythmic and arrhythmic median nerve stimulation to guide future therapeutic treatments for tic disorders	201	Neurostimulation/Neuromodulation
3	P148	Fri. 29 Sep 2023	Dolores	Rodríguez-Salgado	Effects of Transcranial direct current stimulation on cognitive functioning in patients with fibromyalgia: a randomized sham-controlled study	207	Neurostimulation/Neuromodulation
3	P149	Fri. 29 Sep 2023	Núria	Serradell Ribé	Procedure to assess plasticity in healthy and clinical samples	262	Neurostimulation/Neuromodulation
3	P150	Fri. 29 Sep 2023	Ingela	Aronsson	"I am feeling better, but I am still not well" - exploring the lived experience of the recovery process in people previously diagnosed with stress-related exhaustion disorder	192	Other
3	P151	Fri. 29 Sep 2023	Gwendy	Darras	Associations between psychological distress and COVID-19 disease course: a retrospective cohort study of 3084 cases in Belgium.	307	Other
3	P152	Fri. 29 Sep 2023	Aikaterini	Giakoulidou	How neuropsychological testing supports functional decline for disability benefits: 3 case studies of various etiologies	160	Other
3	P153	Fri. 29 Sep 2023	Ela	Lazeron Savu	Feasibility of a novel blended-care intervention for fatigue after acquired brain injury: a pilot study of the Tied by Tiredness intervention	38	Other
3	P154	Fri. 29 Sep 2023	Ourania	Loula	Charles S. Myers, M.D., F.R.S., C.B.E. (1873–1946), Pioneer Experimental Psychologist: A Sesquicentennial Tribute	96	Other
3	P155	Fri. 29 Sep 2023	Larissa	Meijer	Longing for Touch and Quality of Life during the COVID-19 pandemic	66	Other
3	P156	Fri. 29 Sep 2023	Theodore	Parthimos	The relationship between neurotransmission-related amino acid blood concentrations and neuropsychological performance following acute exercise	252	Other
3	P157	Fri. 29 Sep 2023	Federica	Scarpina	Disgust processing in Anorexia Nervosa: effects on body representation.	8	Other
3	P158	Fri. 29 Sep 2023	Sofie	Weyn	Sensory Processing Sensitivity is associated with a heightened sensory sensitivity across modalities and a greater interoceptive awareness	183	Other
3	P159	Fri. 29 Sep 2023	Anna	Carnes	Sleep quality in post-COVID condition individuals: relation with emotional, cognitive and functional variables	68	Sleep and Sleep Disorders
3	P160	Fri. 29 Sep 2023	Erasmia	Giogkaraki	Psychosocial Predictors of Sleep Disturbances during the COVID-19 pandemic in a Greek Sample	254	Sleep and Sleep Disorders

POSTER SESSIONS BY DAY

3	P161	Fri. 29 Sep 2023	Panagiota	Koutsimani	Sleep pattern trajectories in older individuals and incident Mild Cognitive Impairment and dementia onset: results from the HELIAD study	286	Sleep and Sleep Disorders
3	P162	Fri. 29 Sep 2023	Olga	Boukrina	Targeting phonology or semantics during alexia rehabilitation improves reading aloud response times and accuracy in individuals with chronic left hemisphere stroke	231	Stroke/Cerebrovascular Injury & Disease (Adult)
3	P163	Fri. 29 Sep 2023	Dörthe	Heinemann	Neuropsychology at the stroke unit – Must have?	135	Stroke/Cerebrovascular Injury & Disease (Adult)
3	P164	Fri. 29 Sep 2023	Lieke	Jorna	Testing the Coping Hypothesis: Associations of Processing Speed and Attention with Mental Fatigue in Patients with Subarachnoid Hemorrhage	220	Stroke/Cerebrovascular Injury & Disease (Adult)
3	P165	Fri. 29 Sep 2023	Sara	Khosdelazad	Adapting to challenges: coping styles and distress in subarachnoid hemorrhage recovery	172	Stroke/Cerebrovascular Injury & Disease (Adult)
3	P166	Fri. 29 Sep 2023	Ela	Lazeron Savu	The association of personality traits with poststroke fatigue in daily life: An exploratory experience sampling method and cross-sectional study	36	Stroke/Cerebrovascular Injury & Disease (Adult)
3	P167	Fri. 29 Sep 2023	Frederike	Svensson	Dyadic coping after stroke – A sorrow shared is a sorrow halved?	65	Stroke/Cerebrovascular Injury & Disease (Adult)
3	P168	Fri. 29 Sep 2023	Nele	Demeyere	Using routine clinical brain imaging for lesion symptom mapping of domain-specific cognitive impairments in stroke	52	Stroke/Vascular Cognitive Impairment
3	P169	Fri. 29 Sep 2023	Kyle	Kelleher	Post-stroke Episodic Recognition and Selective Spatial Attention impairments most associated with Post-Stroke	112	Stroke/Vascular Cognitive Impairment
3	P170	Fri. 29 Sep 2023	Hedvig	Lillo	Long-term cognitive outcome of working-age stroke patients	239	Stroke/Vascular Cognitive Impairment
3	P171	Fri. 29 Sep 2023	Karin	Ludwig	Side-specific implicit training of attentional allocation – implications for neglect rehabilitation	54	Visuospatial Functions/Neglect/Agnosia
3	P172	Fri. 29 Sep 2023	Marine	Lunven	One-year longitudinal decline in spatial location memory in Huntington's disease	197	Visuospatial Functions/Neglect/Agnosia
3	P173	Fri. 29 Sep 2023	Satoko	Ohmatsu	3-year-follow up of the recovery process until return to work in patient post stroke with initially severe spatial neglect	265	Visuospatial Functions/Neglect/Agnosia
3	P174	Fri. 29 Sep 2023	Monica	Toba	Preserved abstract spatial knowledge and impaired navigation in a blind patient	215	Visuospatial Functions/Neglect/Agnosia
3	P175	Fri. 29 Sep 2023	Constantinos	Kormas	Social cognitive ability of mindreading in patients with stroke at subacute phase	288	Stroke/Cerebrovascular Injury & Disease (Adult)

POSTER SESSIONS BY DAY

3	P176	Fri. 29 Sep 2023	Constantinos	Kormas	The performance on the Greek Version of MoCA mini protocol among AD-MCI and PD-MCI patients	100	MCI (Mild Cognitive Impairment)
3	P177	Fri. 29 Sep 2023	Kalliopi	Megari	Assessing awareness of cognitive functioning in younger and older adults	266	Assessment/Psychometrics/Methods (Adult)
3	P178	Fri. 29 Sep 2023	Kalliopi	Megari	Adaptation of the Cognitive Functioning Scale for the Greek-speaking population	267	Assessment/Psychometrics/Methods (Adult)
